Shawano Pathways Organization for Kids, Environment, and Safety

**Our Vision:** Enhance the community and promote a healthy lifestyle by facilitating the development and preservation of safe and accessible trails and routes for people to walk, hike, cycle, snowshoe or paddle.

**Our Mission:** Promote the importance of walk-able and bike-able networks to quality of life measures in communities. Encourage planning for human-powered transportation and travel. Sponsor events for active recreational opportunities on the land and waterways.

**Why it matters:** Trails and routes are valuable resources for any community. Low impact activities save environmental corridors for future generations.

*Did you know…* Parks, greenways and trails increase nearby property values. They also boost tourism which generates food, lodging and recreation-oriented income.

**Trail Etiquette**

**All users**
- Show courtesy to other trail users at all times.
- Use the right side of the trail except when otherwise designated. Always pass on the left.
- Respect the rights of property owners.
- Pick up after your dogs and keep them on a leash.

**Bicyclists**
- Yield to pedestrians.
- Give audible warning when passing walkers or other bicyclists.
- Ride at a safe speed. Slow down and ride in a single file under congested conditions, reduced visibility, and other hazardous situations.

**Pedestrians / Runners**
- Stay to the right side of the trail except when otherwise designated.
- Watch and listen for other trail users.
- Allow faster trail users (runners, horseback riders and bicyclists) to pass safely.

**On the Road — Bike with traffic.**
In Wisconsin, bicycles are considered vehicles. Follow the rules of the road. Wear bright or reflective clothing.
